## HAPPY NEW YEAR! It's the Chinese Year of the Dragon

Occupying the 5th position in the Chinese Zodiac, the Dragon is the mightiest of the signs. Dragons symbolize such character traits as dominance and ambition. Dragons prefer to live by their own rules and if left on their own, are usually successful. They're driven, unafraid of challenges, and willing to take risks. They're passionate in all they do and they do things in grand fashion. Unfortunately, this passion and enthusiasm can leave Dragons feeling exhausted and interestingly, unfulfilled.

While Dragons frequently help others, rarely will they ask for help. Others are attracted to Dragons, especially their colorful personalities, but deep down, Dragons prefer to be alone. Perhaps that is because they're most successful when working alone. Their preference to be alone can come across as arrogance or conceitedness, but these qualities aren't applicable. Dragons have tempers that can flare fast!
